Independent Auditors' Report

Members of the Board of Directors
United Way of Southeast Alaska

Ladies and Gentlemen:

We have audited the accompanying statements of financial position of United Way of Southeast Alaska as of August 31, 2011 and 2010 and the related statements of activities, functional expenses and cash flows for the years then ended. These financial statements are the responsibility of United Way of Southeast Alaska's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Way of Southeast Alaska's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provided a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Southeast Alaska, as of August 31, 2011 and 2010 and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Altman, Rogers & Co.

UNITED WAY OF SOUTHEAST ALASKA

Notes to Financial Statements

August 31, 2011 and 2010

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. General Organization and Purpose

United Way of Southeast Alaska (UWSEAK) was organized for the purpose of assessing on a continuing basis the need for health and social service programs; to seek solutions to human problems; to assist in the development of United Way member agencies; to promote preventive activities; and to foster cooperation among local, state, and national agencies serving the community. In fulfilling these purposes, UWSEAK receives and distributes both private and public pledges in accordance with the donor wishes through three different fundraising campaigns: the private campaign, SHARE (State of Alaska) Campaign, and the Combined Federal Campaign.

The private campaign is administered by United Way of Southeast Alaska who is responsible for managing the fundraising drives and collecting and disbursing all moneys received from the annual campaigns. The SHARE campaign is administered by United Way of Anchorage but UWSEAK is responsible for disbursing all pledges per the donor's designation.

B. Basis of Accounting

United Way of Southeast Alaska's financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and accordingly reflect all significant receivables, payables, and other liabilities.

C. Basis of Presentation

UWSEAK is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted net assets represent the portion of net assets of UWSEAK that are neither permanently restricted nor temporarily restricted by donor-imposed stipulations.

Temporarily restricted net assets represent assets of UWSEAK whose use is limited by the donor-imposed stipulations that either expire by the passage of time or can be fulfilled by actions of UWSEAK. When the stipulated time restriction ends or action is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and are reported in the statement of activities as net assets released from restrictions.

UNITED WAY OF SOUTHEAST ALASKA

Notes to Financial Statements, Continued

Permanently restricted net assets represent the part of the net assets from contributions and grants whose use by UWSEAK is limited by the donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of UWSEAK.

D. Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, UWSEAK considers all cash and other highly liquid investments with initial maturities of three months or less to be cash equivalents.

E. Investments

UWSEAK classifies certificates of deposit with a maturity of greater than three months from year end as investments. Investments are carried at their fair values on the Statement of Financial Position.

F. Pledges Receivable

Pledges receivable consist of pledges made during the fall campaigns, net of amounts received during the campaign. No allowance for uncollectible pledges has been made as it is the opinion of management that uncollectible pledges are not material. All pledges receivable are unconditional promises to give and are expected to be received within one year. It is the policy of management to take losses on pledges in the year of occurrence.

G. Equipment

Software and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation, and are depreciated on the straight-line method using useful lives ranging from 3 to 5 years. Acquisitions in excess of \$500 are capitalized.

H. Agency Allocations Payable

Agency allocations are based on designated amounts pledged during each of the annual campaigns. This is in accordance with the Code of Federal Regulations for the Combined Federal Campaign. Distributions to agencies are made on a quarterly basis, and are paid net of each agency's share of allocable campaign expenses. Combined Federal and Private Campaign expenses are allocated to each agency in proportion to their percentage of designated contributions. SHARE campaign expenses are deducted by United Way of Anchorage before releasing the pledges to United Way of Southeast Alaska for distribution. Allocations payable consist of current year end amounts due from the previous year's fall campaign pledges.

UNITED WAY OF SOUTHEAST ALASKA

Notes to Financial Statements, Continued

I. Advertising

United Way expenses advertising costs as they are incurred. At August 31, 2011 and 2010 advertising costs were \$9,666 and \$5,265, respectively.

J. Income Tax Status

United Way funds qualify as tax-exempt organizations under Section 501(c)(3) of the Internal Revenue Code and, therefore, no provision for federal income taxes has been made. UWSEAK has been determined by the Internal Revenue Service not to be a private foundation within the meaning of Section 509(a) of the Code. It is the organization's policy to include penalties and interest associated with income taxes (if any) in income tax expense. The organization's 990 is open to audit from State or Federal taxing agencies, the tax years open for audit are 2008 to 2010.

K. Budgets

Budgets are adopted for operations annually and are revised as necessary throughout the year.

L. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

M. Fair Value of Financial Instruments

The organization must disclose its estimate of the fair value of material financial instruments, including those recorded as assets or liabilities in its financial statements and derivative financial instruments.

The following financial instruments are recorded at fair value or at amounts that approximate fair value: (1) cash and cash equivalents, (2) investments, (3) receivables, net, (4) certain other current assets, (5) accounts payable and (6) other current liabilities. The carrying amounts reported in the balance sheets for the above financial instruments closely approximates their fair value due to the short-term nature of these assets and liabilities.

UNITED WAY OF SOUTHEAST ALASKA

Notes to Financial Statements, Continued

L. Donated Goods and Services

Donated goods pledged during the Fall 2010 campaign are recorded as revenue in the accompanying statement of activity as in-kind gifts at estimated fair values. Donated services are recognized as contributions in accordance with generally accepted accounting principles, if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. Volunteers also provided services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under generally accepted accounting principles were not met.

II. CASH AND CASH EQUIVALENTS

The cash and cash equivalents at August 31, 2011 and 2010 consist of the following:

	2011		2010	
	Book	Bank	Book	Bank
	<u>Balance</u>	<u>Balance</u>	<u>Balance</u>	<u>Balance</u>
Petty cash	\$ 300	-	300	-
Credit card deposit account	36,023	36,023	16,410	16,410
Money market	119,510	119,510	149,302	149,302
Checking	46,000	88,153	73,350	88,153
	<u>\$ 201,833</u>	<u>243,686</u>	<u>239,362</u>	<u>253,865</u>

The bank accounts are maintained at three financial institutions. Accounts at each financial institution are insured by the Federal Deposit Insurance Corporation up to \$250,000 per bank. At August 31, 2011 and 2010 UWSEAK had no uninsured and uncollateralized deposits.

III. INVESTMENTS

UWSEAK has classified certificates of deposit as an investment at year end. Fair market value of the CDs at August 31, 2011 and 2010 was \$80,464 and \$30,178, respectively.

The fair value of an asset is the amount at which the asset could be bought or sold in a current transaction between willing parties, that is, other than in a forced or liquidation sale. The fair value of a liability is the amount at which that liability could be incurred or settled in a current transaction between willing parties, that is, other than in a forced or liquidation sale.

UNITED WAY OF SOUTHEAST ALASKA

Notes to Financial Statements, Continued

UWSEAK's financial assets and liabilities carried at fair value have been classified, for disclosure purposes, based on a hierarchy defined by generally accepted accounting principles. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). An asset's or a liability's classification is based on the lowest level input that is significant to its measurement. For example a Level 3 fair value measurement may include inputs that are both observable (Levels 1 and 2) and unobservable (Level 3). The levels of the fair value hierarchy are as follows:

- Level 1 – Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.
- Level 2 – Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.
- Level 3 – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect The Company's estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

Given the narrow definition of Level 1 and The Company's investment asset strategy, all of The Company's investment assets are classified in Level 1. Changes in investments are run through the statement of activities as either interest income or realized gains or losses.

Investment earnings for the year ended August 31, 2011 and 2010 consisted of the following:

	<u>2011</u>	<u>2010</u>
Interest Income	\$ <u>551</u>	<u>591</u>

UNITED WAY OF SOUTHEAST ALASKA

UNITED WAY OF SOUTHEAST ALASKA

Notes to Financial Statements, Continued

VII. AGENCY ALLOCATION PAYABLE

The agency allocation payable consists of the pass-through portion of pledges received during the fall campaign along with the last quarterly distribution, of the previous fall pledges received. The previous fall campaign pledges are payable after August 31, 2011 and 2010, respectively. At August 31, 2011 and 2010 the agency allocation payable balances are as follows:

	<u>2011</u>	<u>2010</u>
Private Campaign	\$ 23,966	27,461
