Independent Auditors' Report

Members of the Board of Directors United Way of Southeast Alaska Juneau, Alaska

Ladies and Gentlemen:

We have audited the accompanying statements of financial position of United Way of Southeast Alaska as of August 31, 2012 and 2011 and the related statements of activities, functional expenses and cash flows for the years then ended. These financial statements are the responsibility of United Way of Southeast Alaska's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Way of Southeast Alaska's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provided a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Southeast Alaska, as of August 31, 2012 and 2011 and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

Twelve months ended August 31, 2012

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. General Organization and Purpose

United Way of Southeast Alaska (UWSEAK) was organized for the purpose of assessing on a continuing basis the need for health and social service programs; to seek solutions to human problems; to assist in the development of United Way member agencies; to promote preventive activities; and to foster cooperation among local, state, and national agencies serving the community. In fulfilling these purposes, UWSEAK receives and distributes both private and public pledges in accordance with the donor wishes through three different fundraising campaigns: the private campaign, SHARE (State of Alaska) Campaign, and the Combined Federal Campaign.

The private campaign is administered by United Way of Southeast Alaska who is responsible for managing the fundraising drives, and collecting and disbursing all moneys received from the annual campaigns. The SHARE campaign is administered by United Way of Anchorage but UWSEAK is responsible for disbursing all pledges per the donor's designation.

B. Basis of Accounting

United Way of Southeast Alaska's financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and accordingly reflect all significant receivables, payables, and other liabilities.

C. Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statements of Financial Accounting Standards (SFAS) No. 117. Under SFAS No. 117, UWSEAK is required to report information regarding its financial position and activities according to three classes of net assets:

Unrestricted net assets represent the portion of net assets of UWSEAK that are neither permanently restricted nor temporarily restricted by donor-imposed stipulations.

Notes to Financial Statements, Continued

Temporarily restricted net assets represents the portion of net assets of UWSEAK whose use is limited by the donor-imposed stipulations that either expire by the passage of time or can be fulfilled by actions of UWSEAK. When the stipulated time restriction ends or action is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and are reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets represent the portion of net assets from contributions and grants whose use by UWSEAK is limited by the donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of UWSEAK.

D. Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, UWSEAK considers all cash and other highly liquid investments with initial maturities of three months or less to be cash equivalents.

E. Investments

UWSEAK classifies certificates of deposit with a maturity of greater than three months from year end as investments. Investments are carried at their fair values on the Statement of Financial Position.

F. Pledges Receivable

Pledges receivable consist of pledges made during the fall campaigns, net of amounts received during the campaign. No allowance for uncollectible pledges has been made as it is the opinion of management that uncollectible pledges are minimal. All pledges receivable are unconditional promises to give and are expected to be received within one year. It is the policy of management to take losses on pledges in the year of occurrence.

G. Equipment

Purchased equipment and software are recorded at cost and are depreciated on the straight-line method using useful lives ranging from 3 to 5 years. Acquisitions in excess of \$500 are capitalized.

H. Agency Allocations Payable

Agency allocations are based on designated amounts pledged during each of the annual campaigns. This is in accordance with the Code of Federal Regulations for the Combined Federal Campaign. Distributions to agencies are made on a quarterly basis, and are paid net of each agency's share of allocable campaign expenses. Combined Federal and Private Campaign expenses are allocated to each agency in proportion to their percentage of designated contributions.

Notes to Financial Statements, Continued

SHARE campaign expenses are deducted by United Way of Anchorage before releasing the pledges to United Way of Southeast Alaska for distribution. Allocations payable consist of current year end amounts due from the Fall 2009 campaign pledges.

I. Advertising

United Way expenses advertising costs as they are incurred. At August 31, 2012 and 2011 advertising costs were \$35,090 and \$9,666, respectively.

J. Income Tax Status

United Way funds qualify as tax-exempt organizations under Section 501(c)(3) of the Internal Revenue Code and, therefore, no provision for federal income taxes has been made. UWSEAK has been determined by the Internal Revenue Service not to be a private foundation within the meaning of Section 509(a) of the Code. Although the Organization is exempt from federal income taxes, any income derived from unrelated business activities is subject to the requirement of filing U.S. Federal Income Tax Form 990-T and a tax liability may be determined on these activities. The Organization's policy is to report interest and penalties associated with income taxes as interest expense and other expense respectively. With few exceptions, the Organization is not subject to audit of its tax returns prior to December 31, 2008.

K. Budgets

Budgets are adopted for operations annually and are revised as necessary throughout the year.

L. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

M. Fair Value of Financial Instruments

The fair value of an asset is the amount at which the asset could be bought or sold in a current transaction between willing parties, that is, other than in a forced or liquidation sale. The fair value of a liability is the amount at which that liability could be in incurred or settled in a current transaction between willing parties, that is, other than in a forced or liquidation sale.

Notes to Financial Statements, Continued

The organization must disclose its estimate of the fair value of material financial instruments, including those recorded as assets or liabilities in its financial statements and derivative financial instruments.

The following financial instruments are recorded at fair value or at amounts that approximate fair value: (1) cash and cash equivalents, (2) investments, (3) receivables, net, (4) certain other current assets, (5) accounts payable and (6) other current liabilities. The carrying amounts reported in the balance sheets for the above financial instruments closely approximates their fair value due to the short-term nature of these assets and liabilities.

N. Donated Goods and Services

Donated services are recognized as contributions in accordance with FASB ASC 958, Accounting for Contributions Received and Contributions Made, if the services (1) create or enhance nonfinancial assets or (2) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. In-kind contributions for space, supplies, and professional services are recorded in the statement of activities at market value and recognized as revenue and expenses in the period they are received, except for donated equipment, which is recorded as revenue in the period received and the asset is depreciated over its estimated useful life.
